

Are you getting your tax credits?

FILL OUT YOUR TAX FORMS

Even if you don't have income to report, or haven't filed for a few years, filling out a tax return is the smart thing to do. Ontario has new benefits—but you need to file your tax return to get them:

- ✓ Up to **\$1,000 for families**, or **\$300 for single people**, in new Ontario Sales Tax Transition Benefit payments.
- ✓ Up to **\$260 a year** for each member of your family from the new Ontario Sales Tax Credit.
- ✓ Up to **\$1,000, per family or single person**, from the combined Ontario Property and Sales Tax Credits.
- ✓ Up to **\$1,100 a year per child** from the Ontario Child Benefit.
